THE NORTHERN PACIFIC.

Wm. M. Evans, who returned from the Villard excursion yesterday, was enthusiastic about the country traversed by the Northern Pacific, its resources and its future. He said: "One is introduced to a new form of topography when he sees the vast plains of Dakota and the table lands of Montana. The agricultural resources of that country are limitless, and while it may not become exactly the granary of the world, it will certainly furnish us all the bread we can eat, and to spare. The time will come when a great portion of the Northern Pacific will have to be double-tracked, owing to the demands of transportation which the rapidly growing population will make upon it. The road bed is good and was easy to build; there are but few grades and obstacles which have to be contended with. When it is remembered that the outlet of the road is 600 miles nearer to Japan than San Francisco, you can see what an advantage the Northern Pacific route will have, as the harbors of Puget Sound and the entire upper coast are good."

EDITORIAL NOTES.

The western coast of America has come to the front with another discovery of great value. A pearl fishery, which promises handsome returns, has been opened up in the Gulf of California. It is said that one pearl taken from an oyster there last December, is the largest yet found. Its weight is seventy-five carats, and it was sold to a jeweler for \$14,000. Another of forty-seven carats has also been found. It is perfect in form and finely tinted, and is valued at \$5,000. A third very beautiful pearl of forty carats has been exhibited at La Paz, where a bid of \$8,000 for it was declined.

Shakespeare uses more different words than any other writer in the English language. There are about 15,000 different words in his plays and sonnets, while no other writer uses as many as 10,000. A few writers use 9,000 words, but the great majority do not employ more than 8,000. In conversation only from 3,000 to 5,000 different words are used.

FOREIGN DISPATCHES

[PRESS DISPATCHES TO THE GAZETTE.]

St. Petersburg, Sept. 20.

The *Nevada* (Wells), the chief nihilist organ, which is being secretly printed in this city, in a recent publication, reviews the work of Count Tolstoy, the Minister of the Interior, and says the continuance of his secular policy cannot be tolerated. The days of Tolstoy, the haggard, it declares, are numbered. An account is given of the excesses at Ekaterinburg, where the anti-Jewish riots recently occurred, which is quite different from the official version of the affair, and in which it is stated 200 people were killed by the troops.

An Embarrassing Predicament.

London, Sept. 20.

During the bombardment of Tientsin, missionary Shaw's residence was looted by the troops, and he was threatened with punishment by the French officials, because he failed to remove the debris caused by ransacking his house. Mr. Shaw will arrive in England in a few days.

Two More Weeks.

St. John, N. F., Sept. 20.

Information comes from Berlin and Fortuna, N. F., this morning, of two additional wrecks on the great banks during the gale of August 30th. The *Banker* and the *Flying Arrow*, with crews of six men all told, and in both cases, all hands were lost.

The Republican State Convention of New York, now in session, charges that the Democracy of that State has shown its incapacity to administer the State Government, and its utter disregard of important public interests. That it showed its cowardice by dodging the labor question, and that it showed an utter disregard for the interests of all workmen.

EASTERN DISPATCHES.

[PRESS DISPATCHES TO THE GAZETTE.]

General Crook Misrepresented.

WASHINGTON, Sept. 19.

The Secretary of War has received a letter from General Crook asking that inquiry be made as to omissions in the published copy of his letter of August 7th last. Some of the telegrams make the General say, in referring to the Chiricahua prisoners, that they surrendered with the understanding that their past misdeeds would not be punished provided they behaved themselves in the future. Whereas, he wrote: "It was with this understanding on their part he was thus made to contradict his repeated statement that he had refused to the Indians to guarantee their safety from punishment." General Crook's account of the matter was clear to the Secretary of War and the Secretary of the Interior, when he was here, he stated that while he had made this refusal, as it was difficult, if not impossible, to make the Indians understand that he could not control this matter. His statement, as written, is entirely consistent with what he said here. This omission, with other charges of less importance, doubtless arose from hasty copying in some distant office, as the letter was correctly transmitted from here. There is the best authority for stating that both the War Department and the Interior Department have the highest confidence in Crook, and are in complete harmony in Washington, and furthering the success of his earnest endeavors to put a stop to the Apache outrages in Arizona.

A Republican Platform.

Boston, Sept. 19.

Senator Dawes, Chairman of the committee on resolutions and platform in the Massachusetts Republican State Convention, submitted the following report: "In presenting to the people of Massachusetts its candidates for State offices, the Republican party does not deem it necessary to this year, offer any formal statement of the political principles which have been often declared in National affairs. We believe in equal rights, and a fairly counted vote; a thoroughly pure and reformed civil service beyond the reach of a party conflict; a solid currency, based on an honest specie dollar; a liberal, but in no wise extravagant or wasteful expenditure; a largely reduced taxation and wise, well matured laws to promote and develop American industry and enterprise, both at home and on the ocean. We endorse the Administration of President Arthur as wise, conservative and patriotic."

Louisiana Lottery Scheme.

WASHINGTON, Sept. 19.

The Postoffice Department to-day addressed a letter to the New Orleans postmaster, calling attention to the fact that M. A. Dauphin of the Louisiana State Lottery was now receiving registered letters and other mail matter in connection with the lottery business, through the New Orleans National Bank, all lottery communications now being addressed to the bank for Dauphin. The letter characterizes Dauphin's action and that of the bank as a scheme to evade the Government orders recently given the postoffice department at New Orleans, for the purpose of protecting the mails against lottery swindling. The letter concludes as follows: "Hereafter you will deliver to the New Orleans National Bank no registered letters and redeem no money orders payable to it. This order will be revoked whenever the bank gives satisfactory evidence it has abandoned the above scheme."

Terrible Catastrophe.

Pittsburg, September 20.

Shortly before 2 o'clock this afternoon, the boilers at the Arion mill, owned by Lyon, Short & Co., on the south side, exploded with terrific force, killing and injuring a large number of persons. The particulars of the explosion are not yet received, as the telephone wires are down. The mill is now burning, and the fire department and a large force of police have been dispatched to the scene of the disaster.

Willing to Cede.

Helena, Mont., September 20.

Light, Vice and Delegate Magrath have arrived at Fort Benton from Blackfoot Agency, where they held a satisfactory council with the Piegans, who are ready to cede to the Government a large tract on the eastern side of their reservation. The chiefs ask the Government to give them cattle and farming implements, as they are starving since the buffalo disappeared.

Cheap Watches.

MILWAUKEE, September 19.

The Diamond Watch Company, one of the largest concerns of the kind in the country, owning factories here and elsewhere, has issued a price list, making a sweeping reduction in the wholesale price. The reduction is 25 to 50 per cent. The company reached to that the great watch combination is broken.

Another State Convention.

Boston, Sept. 20.

The Prohibition State Convention met this morning and James H. Rob-

erts was chosen temporary chairman. Roberts made a short address, saying that Robinson was in favor of the present license law, and could not represent the Prohibitionists. That the Republicans had gone from prohibition to license, and their nomination yesterday was made by about 300 men who are Republicans or Democrats, just as they happen to feel. A committee was appointed and Geo. W. Butlerick, of Boston, was elected permanent President, who reviewed the course of prohibition, and recounted the manner in which that party has been deceived by the declarators of the leading parties. The Republicans coming in for the largest portion of his animadversions. He predicted the ultimate success of Prohibition.

WESTERN DISPATCHES

[PRESS DISPATCHES TO THE GAZETTE.]

SAN FRANCISCO NEWS.

Sues For a Divorce.

SAN FRANCISCO, September 20.

General Winfield S. Keyes of this city has applied for a divorce from his wife, on the grounds that she had been previously married in the East to James O'Brien Kelly, which fact, he alleges, had been kept secret from him by her. Mrs. Keyes denies the allegation, and says she was never married to anyone but her present husband, General Keyes. Owing to the high social position of the parties, the case attracts much attention. The proceedings will come up shortly in one of the Superior Courts.

An English Statesman.

A Chronicle special, about the big dinner given at the Villard party at Victoria, B. C., says that Premier Smythe, in replying to the toast of "the Queen," took occasion to say that the annexation of British Columbia, or any part of it, to the United States, was impossible, but that the future would certainly bring to pass the annexation of a part of the Pacific coast section of the United States to British Columbia. Continuing, the speaker said: "It is a matter of deep conviction with me and many others who have attentively considered the drift of affairs in the United States, that the country cannot continue undivided, that its elements of population are too varied, and the interests of its different sections too diverse. The day will come when it must go to pieces, and when that day comes, British Columbia will be glad to take in her open arms that fragment which is her nearest neighbor."

The indignation of the Americans present, at the utterance of such sentiments was great, though as hosts, they forbore to express it.

Fire at Benson.

BENSON, A. T., September 20.

A fire which broke out at 12 o'clock last night destroyed all of the block opposite the depot. The cause is supposed to be incendiary. It contained, burning all the buildings from Sisson, Crocker & Co.'s, and stopped at the Virginia Hotel. The principal losses are: Sisson, Crocker & Co., \$20,000; insured; Bob Stewart, saloon, \$6,000; insured; D. H. Logan, hotel, \$4,000; insured; the Virginia Hotel, \$6,000; insured; other losses amount to \$12,000, partly insured. Had there been much wind, Benson would have been reduced to ashes. Several thieves were given just five minutes to leave town.

General McDowell Hurt.

SAN FRANCISCO, Sept. 19.

General McDowell, late Commanding Pacific Division United States Army, was thrown from a buggy yesterday. His injuries were at first supposed to be slight and little attention was paid to the matter. To-day they assumed a more serious turn, his mind wandering, with relapses into a comatose state. His friends state that his injuries were much more serious than could have been supposed.

TELEGRAPHIC BRIEFINGS.

A Railway Mail service Convention is in session at St. Paul.

The Moody Evangelical Convention is being largely attended in Chicago.

An Italian bark and a steamer collided at sea, and both vessels foundered. The crews were saved.

The Superintendent of the Philadelphia Mint has been authorized to purchase 50,000 ounces of silver to be coined into dimes.

The defunct Exchange bank at Montreal, is redeeming its circulation in gold, at 50 cents on the dollar. An investigation is called for.

At the saw-mills on the platform and on the east side of the river at Minneapolis, have been obliged to shut down for want of water, the river being lower than for many years.

Assuming the Chair of the Massachusetts Republican Convention yesterday, Charles R. Cadman said: That Governor Butler was a Major General whose most valuable services were as provost-marshal, and never as a leader, whose services were those of a squire and not as a strategist.

TELEGRAPHIC BRIEFINGS.

A death from Cholera, was reported to-day, at the Sligo county hospital in Ireland.

A reunion of the United States telegraph corps was held in Chicago yesterday.

The witnesses in the case of O'Donnell arrived in Madras to-day from Cape Town.

The Secretaries of War and Navy have decided that it is not practical to send another expedition to the relief of Greeley this year.

The scare at Longview, Texas, over the fear of a conflict between the whites and blacks, has about subsided. The excitement is laid to a few frightened whites and a few scolding blacks.

The bicycle race at Springfield, Mass., was witnessed by 20,000 people. The mile race was won by Bert Pressy, in 3:11; the two-mile scratch was won by Robinson of England, in 6:24.

Efforts are being made to obtain the services of Charles Russell, M. P. for Dundalk county, to lead the defense of O'Donnell; a central committee being formed in London to obtain the funds for his defense.

MISCELLANEOUS.

AYER'S Sarsaparilla

Is a highly concentrated extract of Sarsaparilla and other blood-purifying roots, combined with Iodine of Potassium and Iron, and is the safest, most reliable, and most economical blood-purifier that can be used. It invariably expels all blood poisons from the system, enriches and renews the blood, and restores its vitalizing power.

It is the best known remedy for Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Itch, Bores, Bells, Tumors, and Eruptions of the skin, as also for all disorders caused by a thin and impoverished, or corrupted, condition of the blood, such as Rheumatism, Neuralgia, Rheumatic Gout, General Debility, and Scrofulous Catarrh.

Inflammatory Rheumatism Cured.

"AYER'S SARSAPARILLA has cured me of the Inflammatory Rheumatism, with which I have suffered for many years."

W. H. MOORE.

NOTES.

Bananas at Leadbetter's.
J. K. Hymers pays a cent and a half for oats.

Five car loads of emigrants went west to-day.
You can buy new potatoes cheaper than you can dig them.

Grapes, pears, apples and all kinds of fruit at Leadbetter's.
The Board of Equalization has adjourned to meet next Monday.

The Nevada & Oregon Railroad has commenced bringing in this year's crop of Long Valley grain.

"Sweet Violets" at Nasby's, No. 27 Commercial Row. Thermometer at 7, 8, 11, 1, 3—52, 62, 74, 78, 80.

Go to Leadbetter's for your choice fruit. The very finest raised in California, Honey Lake and this county.

In addition to all the best brands of beer, liquors and a way up lunch, all the latest Nevada and California papers can be seen at the saloon of J. J. Becker.

Two bars of bullion and three sacks of coin, went west, and two boxes of silver dollars went east this morning; the coin all having been shipped by the Carson Mint.

The firm of A. Lindley & Co. deals in no second-class or auction goods; they are selling the best of everything in their line, so low that no one need go hungry, or be obliged to purchase an inferior article of groceries.

The reason that George Becker never loses a wholesale or a retail customer, is that every one who has ever tasted his Pacific Brewery beer, pronounces it superior to most, and equal to any ever retailed in this place.

Carpets of every pattern and quality known to the trade, can be bought of F. Levy & Bro. as cheap as in any town or city on this coast. The difference in rent alone, enables this firm to sell as low as the same article can be had in San Francisco.

The Palace is losing none of its well earned reputation, but is daily giving evidence that it is entitled to be considered the best hotel in western Nevada. Their accommodations are the best and their prices within the reach of all who are in need of a room, a meal or something invigorating.

WHERE'S J. W. E?

A Rich Country—Practical Miners Wanted.

Now, there is no better locality in the world for people to invest their money in quartz than this county, says the Downieville Messenger. There is as favorable a geological formation for rich deposits as in any other place under the sun. There are belts of serpentine, granite and limestone like great ribs of the earth, so to say, and resting against and in the vicinity of these belts are the most favorable localities for rich deposits to be found, according to all theory and experience. What is wanted are practical men, to go slow, start with an acre or a small cheap mill; they can be had these times. Find whether you have a paying ledge on the most inexpensive plan, and if you have a good property you will find eager purchasers, for there is plenty of idle money below; or keep the mine and put on more extended and expensive machinery yourselves, and depend upon it, the full-time that have so long been felt in the past few years will vanish like mist in the morning from old Sierra county.

Another Wonderful.
Another wonderland along the line of the Northern Pacific railroad has been revealed to Professor Wolf, geologist of the Northern Pacific, during his researches in the Crazy mountains, near Hunter's Hot Springs, Gallatin county, Montana. The latest Herald says: In his explorations and measurement of the highest peak of these mountains the professor has discovered a waterfall, 200 feet in height, a chain of lakes and other wonderful curiosities. The highest point of these mountains was found to be 11,164 feet above sea level. These attractive spots on the line of the Northern Pacific, which are regarded as the road itself, will forever form a source of revenue from the travel along a great extent of its line.

A Nice Place.

The City Hotel, under the management of Ed Davis, is one of the best in the State. The house is situated on North Virginia street, one block north of the railroad. The building is new, large and comfortable. Mr. Davis has put in new furniture and fitted it up in elegant style. It is one of the best family hotels in the State to-day. Every attention is paid to guests and nothing is left undone to make the guests happy and contented. One trial will convince anyone.

Selling at Cost.

Knowles & Bainbridge have a large surplus of certain classes of goods which they are selling off at cost. All their stock of brockery, glassware, and hardware will be disposed of at San Francisco prices. Farmers and others requiring goods in their line, can find very profitable bargains by calling at once.

TRUCKEE ITEMS.

Interesting Cleanings from the Mountains.

The Truckee Republican of the 10th inst. says:
Mrs. J. B. Meloche is lying dangerously ill at her home in Truckee. Her condition is considered quite critical by the attending physicians.

Several of the engines standing in the round house were entered last night and a number of articles of clothing, tobacco, etc., were taken. Tramps are supposed to be the thieves.

A rumor is prevalent in Truckee that certain Sacramento capitalists are now discussing the proposition of erecting a fine, large hotel on the bluff overlooking the Prosser creek lake pond, for the accommodation of tourists. It is proposed to put a small steam launch on the pond, lay out croquet grounds, etc. Should these improvements be made, a new wagon road would be built from the hotel to the Sierra Valley road, which would shorten the distance between that place and Truckee at least a mile. Prosser creek is unquestionably the best fishing grounds in this section, and probably now has more visitors from abroad than any of our mountain lakes with the exception of Tahoe, and we believe that an enterprise of this kind would prove a paying investment. It would certainly add another attraction to the Sierras, and as such should receive the hearty encouragement of all.

An Absconding Justice.
William Brakeman, a Justice of the Peace of Homer township, whose place of Judgeship was in the town of Lundy, disappeared suddenly Monday morning, says the Bodie Free Press. Just before the departure of the Hawthorne stage from Bodie, an order for his arrest was telegraphed to Bodie, and subsequently a warrant for embezzlement. The latter was too late, and the Judge slid over the State line with his thumb to his nose and fingers wiggling in a significant manner. Description and order for his arrest have been wired to different points in Nevada. In the meantime the Judge's bondsmen are holding a protracted meeting in Lundy.

A Mill Shut Down.
The Tuscarora Times Review says: Operations at the Basin mill had to be suspended this morning on account of scarcity of water. This is a most unfortunate occurrence as the few days' run showed a most gratifying result, and had not the water failed a most profitable clean up would doubtless have been made at the end of a couple of weeks. Superintendent Hillman will spare no efforts to secure a sufficient quantity of the indispensable element, and is confident of success. The mill was working finely and the result of the short run is most encouraging to the gold quartz interests of that portion of the district.

An Arkansas Editor's Valedictory.
"We do not leave this community with any regret; we are glad to go. We have not received due patronage from this town, consequently we are pleased to throw up the journalistic sponge. It is the custom for editors to say that they part with their contemporaries with regret. We do not. We are devilish glad to quit. We have been branded as a thief, and it has been proved that we are a thief; consequently we have no regrets at parting. Those who owe us are expected to settle at their earliest convenience. Those whom we owe must wait."

Raised the Rate.
The County Board of Equalization yesterday raised the rate of assessment of the C.P.R.R. from \$16,000 to \$18,000 per mile; side tracks from \$7,500 to \$8,000; real property from \$65,000 to \$82,000, and telegraph line from \$3,400 to \$4,800. Last year they paid on \$16,000 a mile. They raised the V. & T.R.R. from \$10,000 to \$12,000 per mile. The N. & O. was assessed at \$1,000 per mile, and was not changed. The Board has notified the companies to be here the 28th if they have any fault to find.

Guard and protect your health, make use of that true and efficient tonic medicine, Brown's Iron Bitters.

Get for a Name.
G. W. Huffaker, Ben. Jones, Dan. Huffaker, A. M. Lamb and one or two others left this morning on a deer and bear hunting expedition to Dixie, Grizzly and Last Chance valleys. They had two wagons loaded with bacon, beans, spuds, and 12 gallons of snake-bite antidote. The party propose to go until they find game if it takes them into Oregon.

Pyramid Mining Notes.
Pierce Evans, secretary of the Pyramid Mining Company, informs the GAZETTE that everything is in good shape at the mine. The miners have found softer rock in the face of the tunnel than they have been in for some time past, and are now making from 10 to 11 feet per day.

Rich and Beautiful.
S. M. Jamison gives a fifteen hundred dollar show in his window to-night, free of charge. Stop and look at the immense variety of the latest in ladies' and children's hats and trimmings; also plush, silk velvets, satins, etc. Hats will be trimmed to order. Call and get prices.

PERSONALS.

Governor Adams has returned to the State Capital.

Robert Ross came up from Los Angeles this morning.

Dennis Kearney, of sand-lot fame, was a passenger for the East to-day.

E. Black Ryan, of the Central Pacific, arrived from below to-day.

G. W. Meyert and wife were passengers from the north by the N. & O. last evening.

Senator Pat Reddy, of Mono county, California, came up from the Bay to-day, on his way home.

Thomas Hill left Reno yesterday for Folsom's ranch on Willow Creek, in Lassen county, to bring in a band of beef cattle.

Geo. W. White, the boss carpenter of the V. & T. and C. & C., came in from the south this morning on his way to the timbered region west of Reno.

Mr. Counter, the engineer at the Pyramid mine who had his hand injured recently, returned from below this morning. He will soon be able to resume his duties.

John Guthrie and wife, of the "Sonoma Ranch" in Humboldt county, returned yesterday from a trip to California, and stopped over here to visit their son-in-law and daughter, C. S. Varian and wife.

A Painful Accident.
The Bodie Free Press of the 19th inst. says: Tuesday morning about 12:30 o'clock, Harry Dunlap, a miner in the Standard mine, met with a most painful accident. He was working in an upraise from the 500-foot level, when about a ton of rock fell a distance of thirty feet, striking him on the back, producing a ghastly wound. The rock passed through the flooring before reaching Dunlap. The injured man was carried to the surface and Dr. Walker summoned. Dunlap was partially paralyzed from the shock, but at last accounts he was doing well.

Women Discover a Rich Mine.
Amos Thompson, who returned from Wood River last week, says the Boise Democrat, tells of a discovery made on East Fork by Mrs. Decker and Mrs. Peterson, two women who started up the mountain side on a ramble, taking with them a claw-hammer to knock off any bits of rock that might attract their attention. In doing this they broke off a piece from a ledge, which they were surprised to find was rich galena ore. Mrs. Decker has been offered \$1,000 for her interest. Four men were put to work on the prospect.

The Utah Western Railroad.
It is a pretty well settled fact, says the Ploche Record, that the Utah Western will come into this county and run down near Bristol, then through to Pahranagat Valley. The Utah Western intends following the examples set by the Carson and Colorado road. That is to run through a rich mineral country, opening the country as it advances and building up its own trade. The railroad has had a number of men prospecting along this route, and they report it as being a rich mineral belt.

A Few Facts.
A few more firms like Abrahams Brothers, and Reno would become a wholesale center. They carry a stock of clothing and gent's furnishing goods that would make some of the wholesale establishments in San Francisco look insignificant. The shelves and drawers and counters are loaded with the very finest goods manufactured. A customer can find anything he wants, and the prices are so low that there is no reason why any one should go poorly clad. Call in and satisfy yourself.

Looking For Him.
A Digger female who came to Bodie from Sonora a few days ago, is in sorrow, says the Free Press. She was accompanied on the trip by a husband—a tall and dignified man of 35 years. On Monday he disappeared and the swarthy wife is looking for him. She has blood in her eye, and if she finds her reluctant lord in the company of a Plute maiden a tragedy of unusual bloodiness may be expected. The chances are, however, that the man is dead—drunk.

Reduction in Crockery.
Knowles & Bainbridge are selling crockery at the following low prices:
5 inch plates at 75 cents per doz.
8 " " 80 " " "
7 " " 90 " " "
Dinner " \$1.00 per dozen.
Large and small soup plates are going for \$1.00 per dozen. Cups and saucers (with handles) \$1.30; without handles, \$1.20. Fine tumblers, \$1.50 per dozen; common tumblers, 75 cents.

Not Sufficient Evidence.
It is generally understood that the parties who robbed the Sierra Valley stage some six weeks ago, are well known to the officers and detectives, but there is not sufficient evidence to warrant an arrest.

Board of Equalization.
The Central Pacific Railroad, through its agent, E. Black Ryan, will appear before the Board of Equalization of Washoe county, on the 28th inst.

HALL'S
Vegetable Sicilian
HAIR RENEWER

was the first preparation perfectly adapted to

cure diseases of the scalp, and the first successful

restorer of faded or gray hair to its

natural color, growth, and youthful beauty.

It is the only hair restorer that is not

poisonous, and is perfectly adapted for the

proper treatment of the hair and scalp.

HALL'S HAIR RENEWER has steadily grown

in favor, and its fame and usefulness

is every quarter of the globe. Its unparalleled

success can be attributed to but one

cause: the entire fulfillment of its promises.

The proprietors have often been surprised

at the people of various foreign countries,

where they had never made an effort for its

introduction.

The use for a short time of HALL'S HAIR

RENEWER wonderfully improves the person's

appearance. It cleanses the scalp from

all impurities, cures all humors, itches, and

dryness, and thus prevents baldness. It

stimulates the weakened glands, and enables

them to push forward a new and vigorous

growth. The effects of this article are not

transient, like those of alcoholic preparations,

but remain a long time, which makes

it a matter of economy.

Prepared by

R. P. HALL & CO., Woburn, N. H.

Sold by all Dealers in Medicines.

FOR ALL THE FORMS

of

Scalp Itch, and

Blood Disorders.

The best remedy, because

it most thoroughly and thoroughly

blood-purifying and

blood-purifying.

and Harrison streets, western addition; telephone connection. WM. HENRY, Manager.

In a long letter to the Secretary of the Chamber of Commerce at Astoria, President Villard states that the companies he represents cannot undertake the construction of a railroad from Portland to Astoria. He therefore announces that the project will be abandoned. This announcement will be a severe blow to the hopes of Astoria.

Under Republican rule in Iowa the collection of twenty-eight millions has been made without the loss of a single dollar. No other state has such a record, and no other state in the Union has such a low tax. Tax in Iowa under Republican rule has only averaged a trifle over two mills, and the state is absolutely free from debt.—Gov. Sherman at Independence.

The late Judge Black of Pennsylvania, in an interview which occurred last Winter, said, in speaking of Republican Presidential candidates, "Edmonds was not a good show of being nominated in 1884. The man who looks to me the most probable Republican Presidential candidate is Senator Conger of Michigan. I have heard his name mentioned in a quiet way among prominent men. He has the elements of a leader. He is not an eloquent man, but he has stuff in him more than had Blaine and Garfield combined. His record, both private and public, is clean. Are you Republican? Then tie to Conger."

The Chicago Inter-Ocean says two State Governors have lately been heard from as to their respective States and parties.—Governor Sherman, of Iowa, and Governor Hamilton, of Maryland. The former said in his speech at the campaign a week ago, and his statement stands unchallenged, that the Republican party, which has been in control of Iowa ever since 1856, could point not only to a State out of debt, entirely but to the collection and disbursement of over \$24,000,000 without the loss of a single dollar. No defalcation stains the record. A better exhibit could hardly be conceived. Not a flaw in it has been pointed out since the challenge flung down by Governor Sherman. Hamilton on the contrary brings against the dominant Democracy of Maryland charges and specifications which stagger belief; yet they, too, stand unchallenged. Before the people come to vote for President in 1884 the full record of the two parties in State matters ought to be, and doubtless will be, ascertained and made familiar to the people. Iowa and Maryland may be extremes, but they seem to suggest the contrasting tendencies of two parties.

The Chicago Tribune's Washington special says: Ramsdell, who is known to be a special friend of Blaine's, makes the statement that Mr. Blaine is positively out of all Presidential estimates and is not and will not be a candidate. Ramsdell says: "As to the question as to Blaine's candidacy for the Presidency, he was absolutely impatient as to the suggestion. He has always said that he was never so happy and contented in his life, that he has no care in the world and that he never wanted to enter public life again. In view of the fact, which cannot be denied, namely, that Mr. Blaine has more friends than any public man in the country, he will not allow a delegate to be elected in his name, nor will he discuss the question of his candidacy. He is absolutely and truly a private citizen. I would be foolish to say that Blaine does no longer take an interest in public affairs and politics. He has not lost his faith in the Republican party, and he has been confident of its success next year. His peace of mind on this point has never for one moment been shaken. He simply thinks he is not the man and he does not give the subject of himself a thought. Mr. Blaine believes that the next Republican candidate for President should come from the West—Ohio, of course, not being any longer regarded as a Western State."

When Ladies are Attractive. All ladies know their faces are more attractive when free from pimples. Parker's Ginger Tonic is popular among them, because it banishes impurities from blood and skin, and makes the face glow and sparkle with health.
